

Bright Ideas

that add *Value* to your *Membership*

ENERGY EFFICIENCY REBATES

Thinking about upgrading your home? Our rebate programs reward members who invest in energy-efficient equipment such as smart thermostats, water heaters, and HVAC systems. These upgrades can lower monthly bills and increase year-round comfort.

BEAT THE PEAK

When electricity demand rises, small actions can make a big difference. By participating in Beat the Peak, you help reduce strain on the grid during high-demand periods — which helps control wholesale power costs and keeps rates more stable for everyone.

SEI FIBER BENEFITS

With fiber service expanding across our seven-county territory, members have access to reliable, high-speed internet with free installation and no hidden fees. Whether you're working from home, streaming, gaming, or running a business, fiber connectivity is a bright idea for today — and tomorrow.

GENERATOR PROGRAM

For members seeking peace of mind during outages, our generator program offers a turnkey solution with free installation and maintenance options available. It's one more way your co-op helps protect what matters most.

OPERATION ROUNDUP

By voluntarily rounding up electric bills to the nearest dollar, members collectively fund grants for local nonprofits, schools, and community projects. Small change truly creates big impact across our service territory.

CO-OP KIDS CLUB

We're also investing in the next generation. Our Co-op Kids Club, launching this spring, offers hands-on learning and safety activities for students in grades 1–6. It's a fun way to introduce young members to how their cooperative works.

YOUR CO-OP. YOUR PERKS. YOUR FUTURE.

Unlike investor-owned utilities, your cooperative exists to serve members — not shareholders. That means programs are created with you in mind, and margins are reinvested back into the system or returned to members as capital credits.

We encourage you to take advantage of the perks available to you and stay connected through REMC Connect to learn about new programs and opportunities as they develop.

Because when we invest in bright ideas together, we build a stronger tomorrow for our entire community.

MEMBER TOOLS AT YOUR FINGERTIPS

SMARTHUB

Your 24/7 connection to your electric account.

View and pay your bill, track your energy use, set up alerts, and manage your account — all in one place from your phone, computer, or tablet.

Access SmartHub:
www.seiremc.com/smarthub

BILLING & PAYMENT OPTIONS

Flexible ways to pay that fit your life.

Choose from AutoPay, online payments, budget billing, and more to make managing your bill simple and stress-free.
