

Don't Miss Out on the Benefits Built Into Your *Membership*

Did you know that being a member of Southeastern Indiana REMC gives you access to programs and tools designed exclusively for you? Many members are already taking advantage of these benefits—but others may be missing out on opportunities that can save time, improve comfort, and add value at home.

Put your account at your fingertips.

SmartHub makes managing your account easier than ever. Members can view and pay bills, track energy use, set up alerts, and manage payment options all in one place. Features like budget billing help smooth out seasonal highs and lows, making monthly planning more predictable.

Turn energy efficiency into real savings.

Your cooperative offers energy efficiency programs and incentives that reward smart choices. Rebates on qualifying equipment and guidance on energy-saving upgrades help members reduce energy use and improve comfort year-round. If you've been planning a home upgrade, this is one benefit you'll want to explore before getting started.

Stay connected with high-speed fiber internet.

For members in eligible areas, SEI Fiber provides fast, reliable internet service designed to meet today's digital demands. From remote work and online learning to streaming and smart home technology, dependable connectivity helps keep households connected and productive.

Make a local impact—effortlessly.

Operation RoundUp allows participating members to round up their monthly bill to the nearest dollar to support local charitable projects. Those small contributions combine to make a meaningful difference for nonprofits, schools, emergency services, and community programs across our service territory.

Your membership includes more than electricity.

These programs exist because of the cooperative model—members pooling resources to create shared benefits. If you're not using these tools and programs, you may be leaving value on the table.

Take a moment to explore what's available to you. Being a member of Southeastern Indiana REMC means having access to more—and making the most of your membership starts with knowing what's included.

MEMBER TOOLS AT YOUR FINGERTIPS

SMARTHUB

Your 24/7 connection to your electric account.

View and pay your bill, track your energy use, set up alerts, and manage your account — all in one place from your phone, computer, or tablet.
