

Take a step toward *better health*

Your health matters to us. That is why Southeastern Indiana REMC is partnering with the St. Elizabeth Mobile Mammogram Program to bring convenient breast cancer screenings right to our office. This year's event will be held on Monday, October 13, 2025, from 8 a.m. to 12 p.m. at SEI REMC headquarters.

Whether it is time for your regular checkup or your very first screening, this is a simple way to take care of yourself in a familiar and supportive setting. Early detection plays a vital role in the successful treatment of breast cancer, and by hosting this mobile service, we hope to make it easier for our members and employees to prioritize their health.

Appointments are required, and time slots fill quickly. To reserve yours, call 800-737-4111 ext. 233 today. Lori Miller will be happy to help you schedule your screening and answer questions about eligibility or what to expect.

We encourage all eligible members to take advantage of this opportunity. A few minutes of your day could make all the difference for your health and peace of mind. Let this be your reminder to put your well-being first this October.

Together, we can build a stronger, healthier community—one screening at a time.
