

Local Support You Can Count On

As a member of SEI REMC, you benefit from reliable service, local expertise, and a team that's here for you when it matters most.

Being a member of Southeastern Indiana REMC means more than receiving electric and fiber internet service—it means having a local team you can depend on. From keeping the lights on to keeping you connected, your cooperative is built around providing the reliability you can count on every day.

At SEI REMC, we are more than just a building in Osgood. We are your neighbors, your friends, and the people you see every day—at the grocery store, at local events, or sitting a few rows behind you at church. Our employees live and work in the same communities we serve, which means we understand firsthand how important reliable service and dependable support truly are.

When storms move through southeastern Indiana or outages occur, our crews are out in the field working to restore power safely and as quickly as possible. Because this is our community too, we take that responsibility personally. It's not just about restoring power—it's about helping our neighbors get back to normal.

That same local connection carries through to every service we provide. Whether it's assisting with your electric service, answering questions about your account, or helping you get connected to SEI Fiber, you're working with people who are nearby, accessible, and ready to help.

Membership also means having access to programs and resources designed with you in mind. From energy efficiency rebates to tools that help you better manage your energy use, SEI REMC is committed to supporting your home's comfort and long-term savings.

Unlike large, industry-owned providers, SEI REMC is a member-owned cooperative. That means our focus is not on profits or shareholders—it's on serving the people and communities right here in southeastern Indiana. As a member, you're not just a customer—you have a voice in your cooperative and a role in shaping its future.

Local support is something you can feel—because it comes from people who are invested in the same communities you are. That's the cooperative difference, and it's a level of service you won't find just anywhere. As a member, you're not just connected to your co-op—you're part of it.

Your Voice Matters

As a member of SEI REMC, you're more than a customer—you have a voice in your cooperative.

Join us for the Virtual Annual Meeting on May 18 to stay informed, hear updates, and be part of your co-op in action.
