

Are Your Summer Tools Ready?

Power up your lawn care this summer with SEI REMC's Electric Outdoor Equipment Rebate.

Summer is the perfect time to refresh your outdoor routine and make sure you have the right tools to keep your lawn looking its best. If your current equipment is outdated or difficult to maintain, it may be time for an upgrade.

Electric outdoor equipment offers a quieter, cleaner, and more efficient way to tackle yard work. With no fuel required and fewer maintenance needs, these tools make it easier to get the job done while reducing noise and emissions around your home.

Many electric tools also feature instant start, lightweight designs, and improved battery performance, making them a convenient option for everything from quick touch-ups to larger projects. Whether you are maintaining a small yard or managing more acreage, today's electric equipment is built to keep up.

To help make the switch, SEI REMC offers rebates on qualifying electric outdoor equipment. Whether you're trimming, mowing, or clearing debris, you can earn money back while investing in tools designed for convenience and performance.

From handheld tools to riding equipment, there are options available to fit your needs and help you take your lawn care to the next level.
