

# FILL THE TRUCK FOOD DRIVE

*Help us stock local food banks this fall*

This October, we invite you to be part of something fun and meaningful that will directly help families in need. Our Fill the Truck Food Drive is here, and our goal is to collect enough donations to fill the beds of our REMC trucks, providing meals and support to neighbors across our communities.

At our headquarters in Osgood, you will find a tote for each of the seven counties in our service territory. Each tote will be decorated to look like an REMC truck, ready to be "loaded" with your donations. Bring in non-perishable food items throughout the month of October and place them in your county's tote.

It will take multiple full totes from a county to fill the bed of an actual truck, but if your county's donations reach that goal, SEI REMC will donate \$100 to the food pantry in that county. More than one county can qualify for this donation, so the more counties that participate, the more food pantries will benefit.

From canned vegetables and soups to pasta, rice and peanut butter, every contribution counts. With your support, we can provide meals for families in need and make a difference in our local communities.

Let's see if we can fill every tote to the top and load up multiple trucks with generosity. Together, we can make October a month of giving and community pride.

## FILL THE TRUCK FOOD DRIVE

October 1 - 31

712 S Buckeye Street, Osgood, IN

Non-perishable food donations to  
support local families in need
