

SMALL CHANGE. BIG IMPACT.

\$46,100 Awarded

in the Latest Operation RoundUp® Grant Cycle

When members of Southeastern Indiana REMC round up their electric bills to the nearest dollar, the spare change adds up in powerful ways.

During the most recent Operation RoundUp® grant cycle, \$46,100 was awarded to 22 local organizations serving communities across our seven-county service territory. These grants support youth programs, fire departments, food pantries, schools, parks, historical preservation efforts, and other nonprofit initiatives that strengthen the places we call home.

How Operation RoundUp Works

Operation RoundUp is funded entirely by participating REMC members who voluntarily allow their monthly electric bills to be rounded up to the next whole dollar. The average member contributes about \$6 per year. Those small monthly amounts are combined into a fund that is distributed through a local board to nonprofit organizations serving our communities.

It's one of the clearest examples of the cooperative difference in action. When thousands of members contribute a few cents each month, together we can provide meaningful support where it's needed most.

If you're not currently enrolled in Operation RoundUp and would like to participate, you can sign up at any time by contacting our office or enrolling online at www.seiremc.com/operationroundup.

Thank you to the members who make this program possible — and congratulations to this cycle's grant recipients. Your co-op is proud to support the work you do across Southeastern Indiana.
